

# SOLSTICE SUPREME GAS FRYERS

SSH55, SSH55C

Pitco SSH55 and SSH55C fryers with Solstice Supreme Burner Technology offer energy-saving, high-production frying. They fry as much food as +110MJ fryers while using less than 90MJ. They deliver up to 70% thermal efficiency and ENERGYSTAR® performance without the need for complex blowers. The self-cleaning burner runs a 30-second daily cycle for optimal efficiency. Patented Down Draft Protection optimises combustion efficiency, making these fryers low-maintenance and reliable – ideal for high-volume restaurants and multi-store chains.
